## THE AMAZING AND EXCLUSIVE ADVERTISER'S ROLE

[www.revistatope.com](http://www.revistatope.com)

Including technical articles and free links to our advertisers' website

### Selfcontrolled advertising

All advertisements are placed in right-hand pages facing editorial text to maximize the marketing impact

### Trade fairs

The widest distribution in all major national and international exhibitions (26 BIEMH, EuroBLECH 2010, EMAF 2010,...)

### Market & Databases

Databases for distribution of Revista TOPE include more than 20.000 companies from the Spanish metalworking industrie. Optimized diffusion, depending on the contents of each particular issue

### Just in time

Top punctuality for all issues, in order to be in the market within the month stated in the front cover

### Top quality & guaranteed diffusion

Printing and diffusion officially controlled by the only authorized association in charge of checking diffusions of trade magazines in Spain (OJD Control)

### Technical showroom

Free publication of all technical articles received in Spanish from our advertisers
